Brokers & agents of REGIONAL MLS (West Palm Beach, FL) used to be able to download data from the FLORIDA ASSOCIATION OF REALTORS, also known as FAR.

A recent notice sent out by REGIONAL MLS data department states that "... As of Tuesday November 11th the FAR feed will no longer be available. If you have made the appropriate change, thank you and please disregard this email."

This leaves many agents out in the cold when it comes to listing information for their web sites.

FAR is only one source to receive the information.
